

GLENN JOSHUA CORPUS

Information Technology Student | Web Developer | UI/UX Designer | Technical Support
glennjoshuacorpus@gmail.com | (PH) +63 968 507 1756 | Parañaque City | Portfolio: gjcodes.me

PROFESSIONAL SUMMARY

Dedicated and analytical soon-to-graduate BSIT student at Technological University of the Philippines – Manila with a strong foundation in full-stack web development, UI/UX design, and computer systems. A consistent President's Lister experienced in building scalable applications, architecting system workflows, and leading teams to deliver award-winning projects. Seeking an opportunity to apply software engineering and problem-solving skills in a professional IT environment.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), C, C++, Java
- **Web Development:** React.js, Node.js, Express.js, HTML5/CSS3, Vite
- **Database & Auth:** MySQL, JWT, Google OAuth 2.0, Twilio Verify, Cloudflare Turnstile
- **Tools & Platforms:** Vercel, Railway, n8n, GitHub, Microsoft/Google/Adobe Suite, Figma, Canva, CapCut
- **Hardware & Systems:** Computer assembly, Windows/Ubuntu setup, network troubleshooting

PROFESSIONAL EXPERIENCE

Junior IT Personnel, Web Developer (Intern) | Associated Labor Unions – Luzon 2026

- Developed LaborConnect, a comprehensive labor union web application for the organization.
- Performed hands-on IT support tasks including employee desktop troubleshooting, network maintenance, and sound system configuration.
- Completed a rigorous 486-hour IT internship program over approximately three months, gaining hands-on industry experience.
- Assimilated professional guidance and extensive industry knowledge under the supervision of senior IT personnel.

Freelance Technical Support & Designer | Self-Employed 2019 – 2025

- Executed computer building commissions, complete Windows/Ubuntu operating system configurations, and routine hardware troubleshooting.
- Designed compelling marketing materials, including digital assets and physical prints for local businesses and clothing brands.
- Edited multimedia projects and short films, achieving the "Best Video Edit" award in 2024 for exceptional post-production quality.

FEATURED PROJECTS

LaborConnect | Full-Stack Developer & Project Manager (Team Leader) Nov 2025 – Apr 2026

- Lead the development of a comprehensive labor union web application featuring interconnected member portals, admin dashboards, and department ticket-handling systems.
- Architected a scalable split-deployment ecosystem using React 18, Node.js, and MySQL, integrating n8n automation for SLA monitoring, AI ticket summaries, and Stripe for payments.
- Won 2nd Best Capstone in the Research Colloquium, achieved the highest overall score from the defense panels, and successfully co-pitched the project.

kAIn | UI/UX Designer Mar 2025

- Designed a modern, mobile-first food discovery and smart dining application in Figma, focusing on intuitive navigation, vibrant food cards, and engaging user flows.
- Conceptualized comprehensive user journeys including trending food showcases, seamless checkout screens, and personalized recommendation interfaces under strict time constraints.
- Secured 4th place out of 20+ competing teams in a university hackathon by presenting a highly polished and innovative UI/UX concept.

- Sorting Algorithms Visualization (SortAlgo) | Full-Stack Developer (Solo)

Jan 2025

 - Developed a dynamic visualizer for complex sorting algorithms (Bubble to Quick Sort), translating algorithmic execution into precise, frame-by-frame UI animations.
 - Architected a deeply decoupled logic structure separating mathematical operations from React DOM rendering to ensure highly responsive playback and speed controls.
 - Designed the tool to serve as an interactive academic reviewer and collaborated with a peer to help them understand and implement algorithm visualization logic.
- Gcorp. | Full-Stack Developer (Team Leader)

Dec 2024 – Jan 2025

 - Engineered a scalable e-commerce marketplace utilizing React.js, Express.js, and MySQL, incorporating secure JWT-based authentication and 2FA workflows.
 - Developed a dynamic shopping cart and checkout pipeline featuring real-time total calculations, voucher integrations, and automated inventory depletion.
 - Achieved a perfect 100% score from the reviewing professor in Web Development for delivering a robust, full-featured application.
- CSS Generator & Exporter Tools (CSSGen) | Full-Stack Developer (Solo)

Jul 2024

 - Built a premium interactive toolkit for crafting modern CSS effects with real-time previews and one-click exports using React, Vite, and Express.
 - Implemented modular generators for Neumorphism, Glassmorphism, Gradients, and Flexbox layouts, providing instant syntax-highlighted output for developers.
 - Created the utility to accelerate personal development workflow in future projects while serving as a practical training ground for mastering advanced CSS techniques.
- MangaVerse | UI/UX Designer (Solo)

May 2024 – Jun 2024

 - Designed a cinematic manga reading platform concept in Figma, utilizing an anime-inspired dark theme and immersive visual hierarchy.
 - Structured responsive reader layouts, intuitive chapter navigation, and comprehensive personal library interfaces focused on digital reading usability.
 - Achieved a perfect 100% score from the reviewing professor in Multimedia Authoring & Production for the design's exceptional execution and visual quality.

EDUCATION

- Bachelor of Science in Information Technology

Expected Graduation: Aug 2026

Technological University of the Philippines, Manila

 - Awards:** Consistent President's Lister (A.Y. 2022-Present), 4th Placer in University Hackathon (2025).
 - Relevant Coursework:** Web Development, OOP, Data Structures & Algorithms, Advanced Database Systems, System Administration, Human-Computer Interaction, Networking, Multimedia Production.
- Senior High School (S.T.E.M.)

2020 – 2022

San Juan de Dios Educational Foundation Inc., Pasay

 - Awards:** Graduated with High Honors, Ranked 1st in Batch and Strand Ranking (A.Y. 2020-2021).
- Junior High School

2016 – 2020

San Juan de Dios Educational Foundation Inc., Pasay

 - Awards:** Completed with High Honors (Valedictorian), Ranked 1st among Grade 10 students (AY. 2020)

CERTIFICATIONS

- Computer System Servicing NC II | e-TESDA Online Certification

2025

 - Introduction to CSS, Install and Configure Computer Systems, Set-Up Computer Networks and Servers
- Visual Graphic Design NC III | e-TESDA Online Certification

2025

 - Introduction to Visual Graphic Design, Developing Designs for a Logo
